CORE TECHNOLOGY

**SYCORE™
ALL-FOAM**

SYCORE™ All-Foam is built from a solid foam block—no hollow chambers, no weak points. This one-piece structure delivers explosive power, enhanced control, and long-lasting durability.

RAVA

SOLID FOAM CORE

Built from a full-density foam block for unmatched stability and strength. No honeycomb. No hollow.

ENHANCED SWEET SPOT

Wider, more forgiving sweet spot gives you confident control—even on off-center hits

ANTI-CRUSH CONSTRUCTION

Engineered to resist core collapse and maintain consistent performance over time.

LOW VIBRATION FEEL

Naturally dampens shock for a smoother, more connected feel on every touch
